ENVIRONMENT GROUP

# CLOWES WOOD to BLEAN Countryside Clean-up

## RAMBLE

# Sunday 18<sup>th</sup> October

**Meet at Blean Church Car Park – 2pm  
All Welcome**

This is our third Ramble this year; we will cover about 2.3 miles, all on well-used level footpaths, walking at a very easy pace for about two hours. The route is in one direction, which means that everyone will be transported by car from Blean Church car park to the start point at Clowes Wood car park, after which we will walk back to Blean Church car park.

Do remember to wear stout footwear and carry something to keep off the odd shower, or the sun beating down; whichever seems appropriate! You should also bring some drink and perhaps a snack to keep you going. We will probably have a brief stop at the Winding Pond en-route.

Come just to enjoy a walk in the fresh air on the Sunday after Harvest Thanksgiving, or if you want to help clear any rubbish we come across, please bring tough gardening gloves and perhaps a pick-stick. The walk will go ahead, come rain or shine, one person or thirty, so please do come along for an enjoyable afternoon and help keep your community environment clean.

*This Ramble is especially suitable for families as the route is short and flat.  
Dogs welcome.*
